#	Reference	Question	Answer
38	J.8.2, Paragraph 2, Page J8-1; RFP Section L.14.4.3, Paragraph 2, Page L-14	Please define the term “first day of the on-site period to the proposal due date”. Also, how does this requirement interact with the statement in paragraph C.4.13 that “Contractors that receive awards in any task area as a large business (competitive process) shall provide evidence of CMMI Level 2 rating by November 29, 2004.”	<p>Per L.14.4.2 and J.8.2 under the full and open competition an offeror can submit a proposal on or before 9/7/04 with a SCAMPI assessment. This assessment must be within a 12 month period based on the 9/7/04 proposed submission date. For example: If you submit your proposal by 9/7/04 with the SCAMPI assessment, within a window of 9/7/03 to 9/7/04 you will have satisfied the requirements of the RFP with no further assessment required.</p> <p>In the event that an offeror does not have a SCAMPI assessment approved by the proposal submission date, a letter should be provided to the Contracting Officer stating that compliance to the CMMI requirements shall be completed by November 29, 2004.</p> <p>See Amendments 0001 and 0002 for changes to C.4.13 and J.8.2</p>
